Introducere și actualizare

De ce „**Raportul Pfizer confidențial**” făcut public în conformitate cu **Libertatea Informației (FOI)** în octombrie 2021 nu a fost citat sau menționat în anchetele parlamentare și publice ca mijloc de a respinge narațiunea oficială (care susține că vaccinul Covid-19 este „sigur și eficient”). Nici nu a fost obiectul mediatizării.

Am documentat numeroase anchete publice. [Cele mai recente sunt audierile din Senatul australian](#). (august 2023)

Dovezile confirmă pe deplin faptul că vaccinul Pfizer este o substanță periculoasă, care duce la decese și evenimente adverse. **Acest lucru este confirmat de Raportul confidențial Pfizer lansat sub FOI în octombrie 2021. Vine din gura calului.**

Studiu bomba: excesul de mortalitate legat de cancer în Anglia și Țara Galilor

Un studiu recent privind **excesul de mortalitate** legat de vaccin, realizat de echipa lui [Edward Dowd](#), confirmă natura vaccinului ARNm.

Metoda lui Dowd a fost să analizeze **numărul de decese atribuite cancerului în Anglia și Țara Galilor între 2010 și 2022** [pe baza datelor] de la Biroul Național de Statistică din Regatul Unit

El a comparat ratele de deces în exces, diferența dintre decesele observate și valoarea de referință pentru decesele așteptate, înainte și după pandemia de COVID-19.

El a stabilit o valoare de referință a ratelor normale de deces prin cancer în perioada 2010-2020, care a fost remarcabil în concordanță cu câteva abateri, a spus el – până când ratele de deces prin cancer au crescut semnificativ la sfârșitul anului 2021 în Marea Britanie, după lansarea vaccinului.

Tabelul de mai jos se referă la **decesele în exces** legate de **neoplasmul malign (tumoare canceroasă)** în Anglia și Țara Galilor, înregistrate în trei ani consecutivi: 2020, 2021 și 2022 față de o tendință de 10 ani (2010-2019).

Datele pentru mortalitatea în exces în 2020 (anul anterior vaccinului) sunt negative, cu excepția „neoplasmului malign fără specificarea locului”.

The vaccine was launched in December 2020

The COVID-19 vaccine was rolled-out in several phases in England and Wales [starting on December 8, 2020](#) and [extending into March-April 2021](#).

The upward movement in excess mortality (%) commences in 2021. The increase in excess mortality related to malignant neoplasm is tabulated for the **two first years of the vaccine**.

What's Inside Pfizer's "Secret Report"?

The Confidential report is a bombshell. The vaccine was launched in mid-December 2020. By the end of February 2021, "**Pfizer had already received more than 1,200 reports of deaths allegedly caused by the vaccine and tens of thousands of reported adverse events**, including 23 cases of spontaneous abortions out of 270 pregnancies and more than 2,000 reports of cardiac disorders."

This Confidential Pfizer Report provides data on deaths and adverse events recorded by Pfizer from the outset of the vaccine project in December 2020 to the end of February 2021, namely **a very short period (at most two and a half months)**.

The data from mid-December 2020 to the end of February 2021 unequivocally confirms "Manslaughter". Based on the evidence, Pfizer had the responsibility to immediately cancel and withdraw the "vaccine".

Pfizer's Worldwide marketing of the Covid-19 Vaccine beyond February 28th, 2021, is no longer an "Act of Manslaughter".

Murder as opposed to Manslaughter implies "Criminal Intent".

Pfizer's Covid 19 Vaccine constitutes a Criminal Act. From a legal standpoint it is an **"Act of Murder" applied Worldwide to a target population of 8 billion people**. So far more than 60 percent of the World's population have been Covid-19 vaccinated.

National Health Authorities claim that the Covid-19 “vaccine” will save Lives That’s a Lie

There is a worldwide upward trend of vaccine deaths and injuries. The [official figures](#) (April 3, 2022) point to approximately:

69,053 Covid-19 injection related deaths and 10,997,085 injuries for the EU, US and UK Combined for a population of 830 million people

Based on reported cases. Only a small fraction of the victims or families of the deceased will go through the tedious process of reporting vaccine related deaths and adverse events to the national health authorities. Based on [historical data](#) ([Electronic Support for Public Health–Vaccine Adverse Event Reporting System \(ESP:VAERS\)](#), p. 6):

“Adverse events from drugs and vaccines are common, but underreported. ... less than 0.3% of all adverse drug events and 1-13% of serious events are reported to the Food and Drug Administration (FDA). **Likewise, fewer than 1% of vaccine adverse events are reported.** (emphasis added)

This Confidential Pfizer Report released as part of a Freedom of Information (FOI) procedure provides data on deaths and adverse events recorded by Pfizer from the outset of the vaccine project in December 2020 to the end of February 2021, namely **a very short period (at most two and a half months)**.

Pfizer-BioNTech Vaccine

The Legal Implications: Mea Culpa

The Pfizer BioNTech vaccine was launched in the US on the 14th of December after the granting of Emergency Use Authorization on December 11, 2020.

In a twisted irony, the data revealed in this "insider report" refutes the official vaccine narrative peddled by the governments and the WHO. It also confirms the analysis of numerous medical doctors and scientists who have revealed the devastating consequences of the mRNA "vaccine".

What is contained in Pfizer's "confidential" report is detailed evidence on the impacts of the "vaccine" on mortality and morbidity. This data which emanates from the "Horse's Mouth" **can now be used to confront as well formulate legal procedures against Big Pharma, the governments, the WHO and the media.**

In a Court of Law, the evidence contained in this Big Pharma confidential report (coupled with the data on deaths and adverse events compiled by the national authorities in the EU, UK and US) is **irrefutable**: because it is their data and their estimates and not ours.

Bear in mind: it's data which is based on reported and recorded cases, which constitute a small percentage of the actual number of vaccine related deaths and adverse events.

This is a de facto **Mea Culpa on the part of Pfizer. #Yes it is a Killer Vaccine**

Pfizer was fully aware that the mRNA vaccine which it is marketing Worldwide would result in a wave of mortality and morbidity. This is tantamount to a **crime against humanity on the part of Big Pharma.**

Pfizer knew from the outset that it was a killer vaccine.

It is also a **Mea Culpa and Treason on the part of corrupt national governments Worldwide** which are being threatened and bribed by Big Pharma.

No attempt has been made by the governments to call for the withdrawal of the killer vaccine.

People are told that the vaccine is intended to save lives.
